<b>SKILL PRACTICED/ TAUGHT</b>	<b>1</b>  I needed an adult to explain, show or remind me of the skill being practiced/taught.	<b>2</b>  Sometimes, I was able to explain or show the skill being practiced. I needed a lot of help from an adult to do this.	<b>3</b>  Most of the time I was able to explain or show the skill being practiced. I still needed help from an adult but not a real lot.	<b>4</b>  Almost all the time, I was able to explain or show the skill being practiced with hardly any (minimal) help from an adult.
